INSTRUCTIONS AND CHECKLIST FOR PURCHASING OUT-OF-STATE SERVICE

An active and contributing member of the Teachers' Retirement System (TRS) with ten years contributing membership service may purchase up to ten years of out-of-state service in public education or public employment. Service credit must have been established with another state public pension plan and either withdrawn, terminated, canceled or forfeiture declaration made (this usually means your funds have been withdrawn and returned to you).

You may purchase out-of-state service in increments of not less than one year (unless your total service or balance is less than one year). The deadline for purchasing out-of-state service is the effective date of your retirement. The cost for this service is calculated on the actuarial value of this service based on your age, average salary, total service at the time of your purchase, and the time remaining until your earliest retirement eligibility date.

Members are not eligible to purchase credit for out-of-state service if at the time of retirement the member is entitled to receive any benefits whatsoever for the same service under any other retirement or pension plan except Social Security.

Steps required:

1. Complete Part I – Member Information.
2. Send this form to your Out-of-State Employer for completion of Part II.
3. Out-of-state Employer must complete Part II and forward to Out-of-State Retirement System.
4. Out-of-state Retirement System must complete Part III and forward it to the TRS.
5. TRS of Alabama will calculate your cost and notify you.
6. Payment must be made and in the TRS office prior to your effective date of retirement or date stated in your notification.
7. Your purchase will be audited after the close of the scholastic year in which the purchase is completed.
