Instructions for Corporation Franchise Tax Initial Return

Every new corporation subject to the tax must file an initial return (Form CFT-4) and pay a tax of \$10.00. This return is due on or before the fifteenth day of the third month following the month in which the tax accrues. Tax accrual dates are as follows: (1) for a domestic corporation, the tax accrues on the date shown on the charter issued by the Secretary of State and (2) for a foreign corporation, the tax accrues on the date it exercises its charter in Louisiana, is authorized to do or actually does business in Louisiana, or uses any part of its capital or plant in Louisiana. Example due dates are as follows: The tax of ABC accrued on March 21, 2012; its initial return and payment of \$10.00 tax would be due on or before June 15, 2012. If ABC adopted a calendar year accounting period, this initial payment would cover the period ending December 31, 2012. The next franchise return (covering the calendar year 2013) would be due on or before April 15, 2013, and must be filed on Form CIFT-620. If the fiscal year ending June 30, 2012 was adopted, the initial return would cover the period from March 21, 2012 through June 30, 2012. The next franchise return (covering the fiscal year ending June 30, 2013) would be due on or before October 15, 2012, and must be filed on Form CIFT-620. Delinquent returns and payments must include applicable penalty and interest. If the due date falls on a holiday or weekend, the return must be transmitted on or before the next business day in order to avoid penalty and interest.

Corporation franchise tax for domestic corporations continues to accrue and must be filed on Form CIFT-620, regardless of whether any assets are owned or any business operations are conducted, until a "Certificate of Dissolution" is issued by the Louisiana Secretary of State.

Corporation franchise tax for foreign corporations continues to accrue and must be filed on Form CIFT-620, as long as the corporation exercises its charter, does business, or owns or uses any part of its capital or plant in Louisiana and, in the case of a qualified corporation, until a "Certificate of Withdrawal" is issued by the Louisiana Secretary of State.

- Line 1. Enter the period covered by this initial franchise tax return. The period begins on the date the charter is filed with the Secretary of State, or the date of Louisiana qualification, or other taxing incidence. The period ends on the date of the close of the first accounting period. If books are kept on a calendar year basis, the period covered must end on the last day of December. If a fiscal year basis is used, the period must end on the last day of any month and cannot exceed twelve (12) months.
- Line 2. Enter the Federal Employer's Identification Number for this corporation.
- Line 3. Enter the state where this corporation was originally incorporated.

- Add the amounts calculated for each penalty and print the total amount of penalties. The combined amount of delinquent filing and delinquent payment penalties cannot exceed 25 percent
- Line 14. Interest is due on all items of tax not paid by the due date of the return. Because the interest rate varies year to year, the Department is unable to provide a specific rate. Refer to the Tax Rate Schedule (R-1111) for monthly interest rates that apply. Form R-1111 is available on the LDR's website at www.revenue.louisiana.gov. Calculate the interest amount and print the amount of interest here.
