## Instructions for Form EFT

---

**Tax Type:** Businesses may use electronic funds transfers (EFT) to file and pay Maryland withholding, sales and use, motor fuel and corporate income taxes. Accepted corporate forms are 500, 500D and 500E only. **Forms 510, 510D, 510E for Pass-Through Entities are NOT accepted.**

**Section A – This section must be completed by ALL taxpayers.**

- **Business name** - required
- **Maryland Central Registration Number** - if registered
- **Federal Employer Identification Number** - required
- **Motor Fuel Tax Account Number** - if applicable
- **EFT contact person:** The primary contact person should be someone within your company who will be directly involved in all phases of the EFT registration process, system implementation, and the payment of the tax. Instructions will be mailed to the contact person designated on the agreement. You should also designate a secondary contact person.
- **Address:** Indicate the mailing address to be used for correspondence regarding electronic funds transfer.
- **Telephone number:** Indicate the telephone number(s) for the EFT contact person.

Annapolis, MD 21404-1509**

## ACH CREDIT OPTION

To use the ACH Credit option, you must first contact your bank to determine if your bank offers ACH Origination. Please have your bank complete the specific portion of the Authorization Agreement (Form EFT) as verification that your bank can conform to these standards. Also, please complete Section A and Section C before returning the form to the Electronic Funds Transfer Program Office.

Supplemental filing information must be sent with your payment using the ACH standard CCD+ format and the TXP addenda record. The Cash Concentration or Disbursement (CCD) is the most basic form of ACH payment. The CCD format can be processed by all ACH-member banks. The TXP addenda record allows the format to carry additional characters of payment-related data. The TXP will be used for tax registration, tax type code, tax period end date.

You will initiate the credit transaction through your bank to the State's bank account for the amount of your tax payment.

An ACH origination charge from your bank will be incurred by you if you select the ACH Credit option.

Important characteristics of the ACH Credit transactions are:

- Credit transactions require you to enter all payments related data in the standard CCD+ TXP.
- The costs of the ACH Credit transactions are incurred by you.
- You are responsible for your own proof of payment.

## ACH DEBIT OPTION

To use the ACH Debit option, please complete Section A and Section B before returning the form to the Electronic Funds Transfer Program Office.

After we receive the Authorization Agreement, the State's service bureau will mail you specific instructions on the initiation of Electronic Funds Transfer. You authorize each payment amount to be transferred from your bank account to the State's bank by using a toll-free number.

After completing the call, the Comptroller of Maryland is responsible for the successful completion of the transaction. The State's service bureau will provide you with a verification code indicating that you have completed the necessary steps for the initiation of the Electronic Funds Transfer.

Important characteristics of the ACH Debit transactions are:

- It's easy** Just place a toll-free call to make your tax payment.
- It's predictable** Only the amount you specify will be transferred to the State's bank account on the date specified.
- It's accurate** The service bureau will provide a verification code as your proof of payment.
- It's secure** Only you will have the password required to initiate a payment.
- It's flexible** Extensive editing and correction data can be performed before the transaction is completed. This means that transactions are virtually error free.
- It's inexpensive** Costs for an ACH Debit are primarily borne by the State. Your bank may have a nominal fee for processing the debit, but it is generally the same cost as a check, or less.
