Instructions for Form 4574

Michigan Business Tax (MBT) Refundable Credits

Purpose

To allow standard taxpayers to claim certain credits. Unless otherwise specified, if the amount of the credit exceeds the tax liability of the taxpayer for the tax year, that excess is refunded.

NOTE: This form may also be used by financial institutions to claim a limited number of credits:

- Michigan Economic Growth Authority (MEGA) Employment Tax Credit.
- Assigned MEGA Photovoltaic Technology Credit.
- Assigned Film Production Credit.

Insurance companies use the *Miscellaneous Credits for Insurance Companies* (Form 4596) to claim credits for which they are eligible.

NOTE: Refunds of the Brownfield Redevelopment Credit and Historic Preservation Credit are no longer available on Form 4574. Taxpayers may apply for an accelerated payment of the qualified credits by filing the *Request for Accelerated Payment for the Brownfield Redevelopment Credit and the Historic Preservation Credit* (Form 4889).

NOTE: Beginning January 1, 2012, only those taxpayers with a certificated credit, which is awarded but not yet fully claimed or utilized, may elect to be MBT taxpayers.

Fiscal Year Filers: See “Supplemental Instructions for Standard Fiscal MBT Filers” in the *MBT Forms and Instructions for Standard Taxpayers* (Form 4600).

Special Instructions for Unitary Business Groups

Credits are earned and calculated on either an entity-specific or a group basis, as determined by relevant statutory provisions for the respective credits. Inter-company transactions are not eliminated for the calculation of most credits. Credits earned or calculated on either an entity-specific or group basis by Unitary Business Group (UBG) members are generally applied against the tax liability of the UBG, unless otherwise specified by statute or these instructions.

Entity-specific provisions are applied on a member-by-member basis. In none of these cases does a taxpayer that is a UBG take the organization type of its parent, Designated Member (DM), or any member of the UBG. A UBG taxpayer will not be attributed an organization type based on the composition of its members.

If any member of the UBG is eligible for an entity-specific credit, a statement must be attached to the form identifying the eligible member and any information requested for the credit. If more than one member is eligible, requested information should be provided in the statement on a per member basis. The total amount from all eligible members will be entered on each corresponding line on this form. Line-by-line instructions indicate credits requiring entity-specific information.

Line-by-Line Instructions

Lines not listed here are explained on the form.

NOTE: Credits must be calculated based on actual, not annualized, amounts.

NOTE: Although qualification for certain credits is reviewed and approved by MEGA, in many cases the certificates for such credits are issued by the Michigan Economic Development Corporation (MEDC).

Name and Account Number: Enter name and account number as reported on page 1 of the applicable MBT annual return (either the *MBT Annual Return* (Form 4567) for standard taxpayers or the *MBT Annual Return for Financial Institutions* (Form 4590)).

UBGs: Complete one form for the group. Enter the DM name in the Taxpayer Name field and the DM account number in the Federal Employer Identification Number (FEIN) field.

Personal Property Tax Credit

The Personal Property Tax Credit is available against personal property taxes paid in the tax year on eligible industrial personal property, eligible telephone personal property, and eligible natural gas pipeline property. The Personal Property Tax Credit is available only to the taxpayer who timely files the required statements or reports, to whom an assessment or bill is issued, and who pays the taxes in the tax year. A taxpayer that disagrees with the assessor’s classification of property must pursue a change of classification through the property tax appeals process. Treasury will not revise a property classification for purposes of these credits.

Fiscal Year Filers: For the first tax period ending after January 1, 2012, this credit only applies to those property taxes paid after December 31, 2011, and before the end of the tax period included on the return.

Line 1: *Eligible industrial personal property* is property classified as industrial personal property under Section 34c of the General Property Tax Act (Michigan Compiled Law (MCL) 211.34c). Under MCL 211.34c, the assessor is charged with the responsibility of classifying property. The taxes must have been levied after December 31, 2007, and the taxes must have been paid during the tax year included in this return.

Line 3: *Eligible telephone personal property* is defined as personal property of a telephone company subject to the tax levied under MCL 207.1 to 207.21. The taxes on this property must have been paid during the tax year included in this return.

Line 4: For eligible telephone personal property levied and paid in the tax year the credit is equal to 13.5 percent of the taxes paid.

Line 5: *Eligible natural gas pipeline property* is defined as natural gas pipelines that are classified as utility personal property under Section 34c of the General Property Tax Act

and are subject to regulation under the Natural Gas Act. The taxes must have been levied after December 31, 2007, and the taxes must have been paid during the tax year included in this return.

Line 7: The taxpayer claiming a Personal Property Tax Credit must attach to the MBT return copies of property tax bills that properly identify “eligible” property and provide proof of payment of the tax in the tax year.

UBGs: Add up the property tax bills for all members and enter the total amount on the corresponding line. The requested tax bills and proof of payment for each member claiming the Personal Property Tax Credit should be attached to the group’s annual return.

Workers’ Disability Supplemental Benefit (WDSB) Credit

The WDSB Credit is available to self-insured taxpayers for the amount authorized by the Department of Licensing and Regulatory Affairs (LARA) during the tax year. The amount of the credit is provided to taxpayers by LARA.

For more information on WDSB credit eligibility, contact LARA, Workers’ Compensation Agency at (517) 322-1879 or 1-888-396-5041, or visit the LARA Web site at www.michigan.gov/lara.

Line 8: Attach to the return a copy of the document provided by LARA to substantiate a claim for this credit.

UBGs: Enter total amount authorized for all members on line 8 and attach LARA documentation for each member.

Next Energy Payroll Credit

Next Energy Payroll Credit provides a payroll-based credit to a taxpayer located within an alternative energy Renaissance Zone. The credit is equal to the payroll amount for the tax year attributable to employees who are working on alternative energy-related research, development, or manufacturing and whose regular place of employment is within the Zone, multiplied by the Michigan Individual Income Tax (IIT) rate for that year. (The Michigan Individual Income Tax rate can be found at www.michigan.gov/taxes.) On October 1, 2012, the Michigan IIT rate changed from 4.35 percent to 4.25 percent. Because this change was effective October 1, 2012, the effective Michigan IIT rate for the 2012 tax year is 4.33%. For the 2013 tax year, the Michigan IIT rate will be 4.25%.

Line 11: A calendar filer and fiscal filer with a short year that ends before January 1, 2013, will multiply line 10 by the Individual Income Tax rate of 4.33% (0.0433).

Fiscal filers with a short year that begins after December 31, 2012, will have to separately account for the payroll paid before January 1, 2013, and the payroll paid after December 31, 2012. For payroll paid before January 1, 2013, multiply the amount by 4.33% (0.0433). For payroll paid after December 31, 2012, multiply the amount by 4.25% (0.0425). Combine the two amounts and enter that combined total on this line.

UBGs: If any member of a UBG is claiming the Next Energy Payroll Credit, attach a statement identifying the member(s) and providing information requested on the form. Enter the total payroll amount for all eligible members on line 10.

MEGA Employment Tax Credit

The MEGA Employment Tax Credit promotes economic growth and jobs in Michigan. For a period of time not to exceed 20 years, a taxpayer that is an authorized business or an eligible taxpayer may claim a credit equal to the amount certified each year by MEGA.

MEGA may certify a credit based on an agreement entered into prior to January 1, 2008, under the Single Business Tax (SBT). The number of years for which the credit may be claimed under MBT will be equal to the maximum number of years designated in the resolution reduced by the number of years for which a credit has been claimed or could have been claimed under SBT.

A taxpayer that claimed a credit under either SBT or MBT that had an agreement with MEGA based on qualified new jobs as defined in the MEGA Act, and that removes 51 percent or more of those qualified new jobs from Michigan within three years after the first year in which the taxpayer claimed a credit, must pay back an amount equal to the total of all credits claimed no later than 12 months after those qualified new jobs are removed from Michigan.
