# The New Virginia Tax Refund Debit Card It's Safe, Convenient, and Secure 

## Why Is Virginia switching to debit cards?

Legislation: The 2012-2014 Appropriations Act approved by the General Assembly requires the Department of Taxation to issue individual income tax refunds through direct deposit or with a prepaid debit card. This initiative is a cost-savings measure for the Commonwealth through the reduction of printing and mailing checks.

## Do I have to get my refund as a debit card?

No. Although the debit card replaces the paper refund check, you can still have your refund deposited directly to your bank account.

## Will I receive another debit card for my Virginia tax refund next year?

Yes. You will receive a new debit card for your tax refund each year, unless you choose to have future refunds deposited directly into your bank account. Virginia Tax Refund debit cards are one-time deposit cards and are not reloaded.

## How long will it take to get my refund debit card?

Debit cards will take the same amount of time as paper refund checks did.

## If I filed my return as married filing jointly, will each spouse receive a debit card?

Yes. Married couples filing jointly will be issued two debit cards and each spouse will have equal access to the refund amount. Both cards will be mailed together in one packet.

## Is a debit card safe and secure?

Yes. The debit card cannot be used until you activate the card by selecting your personal identification number (PIN). You must have your personal information ready to enter when prompted so that you can be authenticated as the rightful owner of the card. The debit card provides more security than a check sent to your mailbox and it allows for the privacy of your refund amount.

## Does this debit card have an expiration date?

Yes. Your activated debit card will expire three years from the issue date. If your card expires and you still have funds in your account, call the toll free number 1-855-409-0580 for a free replacement debit card.

## If I lose my card or it is stolen can I get a replacement?

Yes. Lost or stolen debit cards can be replaced for a small fee by calling the toll-free number 1-855-409-0580 (additional information is on our website).

## WHAT'S NEW

Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2010, to December 31, 2011, with limited exceptions. Virginia will continue to disallow federal income tax deductions for bonus depreciation allowed for certain assets under IRC §§ 168 (k), 168(I), 168(m), 1400L and 1400N; the five-year carryback of federal net operating loss deductions generated in taxable year 2008 or 2009; and, federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5) (F). In addition, fixed date conformity adjustments continue to be required for Cancellation of Debt Income under IRC § 108(i), and the domestic production deduction under IRC § 199.
At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2012 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

Telework Expenses Tax Credit: The Telework Expenses Tax Credit is an individual and corporate income tax credit for employers who incur eligible telework expenses pursuant to a telework agreement or conduct telework assessments. This credit is equal to the amount of expenses incurred during the calendar year. The amount of the credit cannot exceed \$50,000 per employer per calendar year and the credit is for expenses incurred in the calendar year that ends during the taxable year. To qualify for a credit, the employer must enter into a signed telework agreement with the teleworking employee on or after July 1, 2012, but before January 1, 2017. This telework agreement must be in accordance with policies set by the Department of Rail and Public Transportation (DRPT) available on the Telework!VA website at www.teleworkva.org.

Telework Expenses Addition: Individuals who claim the Virginia Telework Expenses Tax Credit are not allowed to exclude those expenses from Virginia Income. To the extent excluded from federal adjusted gross income, any expenses incurred by a taxpayer in connection with the Telework Expenses Tax Credit must be added to the Virginia return.

Debit Card Option for Refunds: Effective beginning with the 2012 taxable year, individual refunds will be issued through prepaid debit cards or by direct deposit to taxpayers' checking or savings accounts. The paper check refund option is being replaced with the debit card option. Taxpayers receiving a refund may choose either debit card or direct deposit by filling in the requested information on Form 760 just below Line 31, YOUR REFUND.

This change is one of the budget reduction measures included in the 2012-2014 Appropriations Act (HB 1301) passed by the General Assembly.

Visit www.tax.virginia.gov for detailed information and answers to frequently asked questions.
Filing Threshold for Individual Income: The filing threshold amounts for taxable years 2012 and beyond have been increased. The new threshold for single individuals has increased from $\$ 11,650$ to $\$ 11,950$. The filing threshold for married couples filing jointly has increased from $\$ 23,300$ to $\$ 23,900$. The threshold for married couples who file separate returns has increased from $\$ 11,650$ to $\$ 11,950$. See Page 1 for more information on the Virginia Filing Threshold.

## REMINDER

No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.
Consumer's Use Tax: Did you purchase merchandise by Internet, telephone, or mail, or did you purchase any merchandise outside Virginia and pay no sales tax? If so, you may be required to pay Consumer's Use Tax. Be sure to report the applicable tax on Schedule ADJ.

If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is $\$ 0.00$ and you are entitled to a refund of any withholding or estimated tax paid. Single and your VAGI is $\$ 11,950$ or more
Married filing jointly and combined VAGI is \$23,900 or more
Married filing separately and your VAGI is $\$ 11,950$ or more

## When to File Your Return

Filing by mail or commercial delivery service - If you are mailing several documents please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

Calendar year filer - If your tax year is January 1, 2012 - December 31, 2012, your individual income tax return must be postmarked no later than May 1, 2013, to avoid penalties and interest.
Fiscal year filer - If your tax year is any consecutive 12 month period other than January - December, your return must be postmarked by the 15th day of the fourth month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and attach a statement indicating the beginning and ending months of your 12-month fiscal year.
Outside U.S. - If you are living or traveling outside the United States and Puerto Rico (including serving in the military), the due date of your return is July 1, 2013. Fill in the overseas oval near the bottom of Page 2 of Virginia Form 760.
Weekends and holidays - If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.
Extension Provisions - Virginia law provides an automatic six-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least $90 \%$ of your tax by the due date, May 1 for calendar year filers. To make a payment of tentative tax, use Form 760IP.
Members of the Military - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional fifteen days, or a one-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members who claim this extension should write "Combat Zone" on the top of tax returns, as well as any notice issued by the Virginia Department of Taxation to combat zone personnel regarding tax collection or examination on the outside of the return envelopes used to mail the return. More information can be obtained from Tax Bulletin 05-5 on the website at www.policylibrary.tax.virginia.gov. Go to the Tax Bulletin section and select VTB 05-5 (PD 05-67) from the list of 2005 tax bulletins.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.
Additional information for Spouses of Military Personnel is provided in the Residency Status and Choosing the Right Form to File section later in this booklet.

## Where to File

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and transmit the return from your computer to the IRS's electronic processing system and the Department's electronic processing system. Some vendors will provide this service FREE based on certain qualifiers.
To file by mail, use the list of mailing addresses beginning on Page 47 and look up the city or county where you live or file directly with the Virginia Department of Taxation. Local phone numbers are also provided.
For more information about filing by e-File and filing by mail, go to www.tax.virginia.gov.

## Amended Returns

If you or the IRS amends your federal return resulting in changes to your taxable income or any amount affecting the Virginia return, you must file an amended Virginia return within one year. If the IRS provided documentation that acknowledges acceptance of your federal amended return, attach a copy to the Virginia amended return. In addition, if you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department of Taxation may issue a refund only if the amended return is filed within:

- three years from the due date of the original return, including valid filing extensions;
- one year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- one year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- two years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- two years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as the result of the original return. Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date to the date filed or postmarked.

Fill in the oval on the front of Form 760, indicating that this is an amended return. Also, fill in the oval on the front of the return if the amended return is the result of a net operating loss (NOL) carryback. General instructions for computing the NOL can be obtained from the website at www.policylibrary.tax.virginia.gov. Select 23VAC10-110-80 and 23VAC10-110-81 located in Chapter 110, Individual Income Tax, Virginia Tax Administrative Code. Attach a complete copy of your federal amended return, if applicable.

| Worksheet for Amended Returns - If you are filing an amended return, use the worksheet below to determine if you |

- There are two types of Virginia residents: domiciliary and actual.
- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or part-year.
- A nonresident of Virginia may be required to file a Virginia return.

To determine which Virginia return you should file, first determine if you were a resident of Virginia at any time during the taxable year.

## Step 1: Determine your residency status

## Domiciliary Resident

You are a domiciliary (legal) resident if your permanent home is Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however actual presence in the state is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia but who does not abandon Virginia as his or her domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

## Actual Resident

You are an actual resident if:
You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.
If you are an actual resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.
Students: The rules for determining the residency status of a student are the same as for anyone else.
Military Personnel and Members of the U.S. Congress: If you are a member of the armed forces or of the U.S. Congress who is a domiciliary (legal) resident of another state, you are not subject to taxation as an actual resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your active duty or congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.
Spouses, Dependents and Congressional Staff Members: The exemption for members of the armed forces and the U.S. Congress does not apply to spouses*, dependents or congressional staff members. If you are a spouse or dependent of a member of the armed forces or of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.
*Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both must maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.

## Step 2: Determine which income tax return you should file

## Virginia Residents

## File Form 760, Resident Return, if:

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.
File Form 760PY, Part-Year Resident Return, if:
- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year and became a domiciliary resident of another state, provided you did not move back to Virginia within six months.
Note to Part-Year Residents: If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.
Married Taxpayers: If one spouse is a nonresident, you may not file a joint Virginia return, even if you filed a joint federal return. The resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form 763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident, you may file a joint return using Form 760PY. See the 760PY instructions for information.

## Nonresidents

File Form 763, Nonresident Return, if:
You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor. Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.
If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

## Exceptions for Certain Nonresidents

Kentucky and the District of Columbia: If you are a resident of Kentucky or the District of Columbia who commutes daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year and 2) your only income from Virginia sources is salaries and wages and 3) your salary and wages are subject to income taxation by Kentucky or the District of Columbia.
Maryland, Pennsylvania and West Virginia: If you are a resident of Maryland, Pennsylvania or West Virginia and you earn salaries and wages in Virginia, you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources is salaries and wages and 2) you were present in Virginia for 183 days or less during the taxable year and 3) your salaries and wages are subject to taxation by Maryland, Pennsylvania, or West Virginia.
The exception for certain nonresidents of Kentucky, the District of Columbia, Maryland, Pennsylvania and West Virginia applies only to salaries and wages. For Virginia source income not specifically exempted, you must file the Form 763, Nonresident Return.

## Deceased Taxpayers

Use the following instructions to file properly and ensure the refund is addressed to the surviving spouse or personal representative.

Single filers: You must list the filer's name and Social Security Number and fill in the oval on Page 2 for Primary Taxpayer Deceased. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.

Joint filers: If one filer is deceased, the names and Social Security Numbers of both filers must be listed. Fill in the oval on Page 2 to indicate the deceased filer. Use the Primary Taxpayer Deceased oval if the filer in the Your name and Social Security Number fields is deceased. Use the Spouse Deceased oval if the filer in the Spouse's name and Social Security Number fields is deceased.

If completing a return for joint filers with both filers deceased, the names and Social Security Numbers of both filers must be listed. Fill in both deceased ovals on Page 2. Include a copy of the federal Form 1310 and/or the appropriate court appointment papers.

Address Changes - If your address has changed since last filing, fill in the oval in the street address area.

Ovals - Fill in any ovals that apply to you.

- Name or filing status has changed since last filing.
- Virginia return was not filed last year.
- Dependent on another's return - Be sure to see Page 11.
- Amended Return - Be sure to fill in both ovals if amending due to Net Operating Loss Deduction.
-I(We) authorize the Dept. of Taxation to discuss my (our) return with my (our) preparer - By marking this oval you are authorizing the Department of Taxation to respond directly to inquiries from your preparer without contacting you separately for authorization.

## Social Security Number

Enter your Social Security Number and the first four letters of your last name in the boxes. If using Filing Status 2, you must also enter the Social Security Number and first four letters of the last name of your spouse. For Filing Status 3, enter your spouse's Social Security Number and record your spouse's name on the line under the Filing Status 3 oval.

Privacy act: In compliance with the Privacy Act of 1974, disclosure of your Social Security Number is mandatory under Va. Code §58.1-209. Your Social Security Number is used both as a means of identifying your income tax return and also of verifying the identity of individuals for income tax refund purposes.

Locality Code: Look up the three-digit code in the list beginning on Page 47 for the locality in which you lived on January 1, 2013. Enter the corresponding number in the boxes provided on the form. Local school funding is allocated based in part on this information.

## Filing Status

In most cases, your filing status will be the same as the one you selected on your federal return. Fill in the oval next to the appropriate filing status. Fill in the Head of Household oval if you checked the Head of Household box on your federal return.

If one spouse is a Virginia resident and the other is a nonresident, they may not file a joint Virginia return, even if they filed a joint federal return. The resident spouse files a separate return under Filing Status 3, using Form 760. A nonresident spouse who has Virginia source income to report will file a separate return on Form 763. The spouses must compute their itemized deductions and allocate exemptions for dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, the spouse must be able to support his/her claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted separately, each spouse must claim a proportionate share of the deductions based on their respective shares of the joint federal adjusted gross income.

## Exemptions

Enter the number of exemptions allowed in the appropriate boxes. The first box has been completed for you.
Dependents: Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.
Multiply the sum of exemptions claimed in the "You," "Spouse" and "Dependents" boxes by $\$ 930$.
65 or Over: To qualify for the additional personal exemption for age 65 or over, you must have been age 65 or over on or before January 1, 2013.
Blind: To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

## Multiply the sum of exemptions claimed for " 65 or over" and "Blind" by $\$ 800$.

Low Income Individuals: You cannot claim the 65 or over or Blind exemptions if you also claimed a Credit for Low Income Individuals on Line 21 of Form 760.

Exemption Amount: Add the dollar amount from Part A to the dollar amount from Part B. Enter this amount on Line 11.

Note for Filing Status 3 Each spouse must determine exemptions as if separate federal returns had been filed, using federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income. One spouse may never claim less than a whole personal exemption.

## Date Of Birth

Please be sure to provide this information. It is used to assist in the verification of taxpayer identity. If you are filing a joint return, enter your date of birth and your spouse's date of birth in the same order as your names and social security numbers.

## Line Instructions

To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts less than 50 cents should be rounded down while all amounts of 50 cents -99 cents should be rounded up.
Line 1 Federal Adjusted Gross Income Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.
Line 2 Additions If you reported any additions on Virginia Schedule ADJ, enter the total amount from Line 3 of Schedule ADJ.
Line 3 Add Lines 1 and 2 and enter the total.

## Line 4 - Age Deduction

Are you eligible to claim an age deduction? If so, enter your birth date (and your spouse's birth date, if applicable) in the boxes provided above Line 1 on Form 760.
For 2012, taxpayers born on or before January 1, 1948, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who claims an age deduction may NOT claim either of the following:

Disability Subtraction: If you claim an age deduction, you may not claim a disability subtraction. For married taxpayers, each spouse, if eligible, may claim either an age deduction or a disability subtraction. You should claim the deduction or subtraction that gives you the greatest tax benefit.

Credit for Low Income Individuals or Virginia Earned Income Credit: You may not claim both an age deduction and a credit for low income or Virginia Earned Income Credit. For married taxpayers filing separate returns, if one spouse claimed a credit for low income or Virginia Earned Income Credit, neither spouse can claim an age deduction.

If you, or your spouse if you are married, are not claiming a disability subtraction or a credit for low income and your birth date is on or before January 1, 1948, please read the information below to determine if you qualify for an age deduction and how to determine the amount of the age deduction you may claim for 2012.

## Taxpayers Age 65 and Older

If you, or your spouse, were born on or before January 1, 1948, you may qualify to claim an age deduction of up to $\$ 12,000$ each for 2012 . The age deduction you may claim will depend upon your birth date, filing status and income.

## If your birth date is:

- On or before January 1, 1939: You may claim an age deduction of $\$ 12,000$. If you are married, each spouse born on or before January 1, 1939, may claim a $\$ 12,000$ age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.
- On or between January 2, 1939, and January 1, 1948: Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's adjusted federal adjusted gross income or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.
- For Filing Status 1, Single Taxpayer, the maximum allowable age deduction of $\$ 12,000$ is reduced $\$ 1$ for every $\$ 1$ the taxpayer's AFAGI exceeds $\$ 50,000$.
- For All Married Taxpayers, whether filing jointly or separately, the maximum allowable age deduction of $\$ 12,000$ each is reduced $\$ 1$ for every $\$ 1$ the married taxpayers' joint AFAGI exceeds \$75,000.

## To compute your income-based age deduction, use the Age 65 and Older Age Deduction worksheet on the next page.

Notice to All Married Taxpayers: A married taxpayer's income-based age deduction is always determined using the married taxpayers' joint AFAGI. Regardless of whether you are filing jointly or separately, if you are married, your income-based age deduction is determined using both your and your spouse's income. In addition, if both spouses are claiming an income-based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

Note: You can calculate this deduction online using the Age Deduction Calculator at www.tax.virginia.gov

Your state and local income taxes must be subtracted from your itemized deductions. Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions the other spouse must also claim itemized deductions.

Line 15 Amount of Tax To compute your tax, you can use either the tax table or the tax rate schedule on Page 37 or use the Tax Calculator on the Department's website.

Line 16 Spouse Tax Adjustment (STA) Couples filing jointly under Filing Status 2 may reduce their tax by up to $\$ 259$ with the STA if both have taxable income to report and their combined taxable income on Line 14 is more than $\$ 3,000$. Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns. To complete the Spouse Tax Adjustment Worksheet:

- Recompute your Federal Adjusted Gross Income (FAGI) as if you and your spouse filed separate federal returns. A worksheet is provided on the next page to help in computing separate FAGI.
- Use the recomputed FAGI to compute the Virginia Adjusted Gross Income (VAGI) for each spouse.
- Use the separate VAGI on Line 1 of the Spouse Tax Adjustment Worksheet.

HOW IT WORKS: Virginia tax rates increase with income: $2 \%$ up to $\$ 3,000$; $3 \%$ from $\$ 3,001$ to $\$ 5,000 ; 5 \%$ from $\$ 5,001$ to $\$ 17,000$ and $5.75 \%$ for income over $\$ 17,000$. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.

EXAMPLE: The Smiths have combined Virginia taxable income of $\$ 42,000$. Mr. Smith's income is $\$ 30,000$ and Mrs. Smith's income is $\$ 12,000$. Without the STA, their Virginia tax is $\$ 2,157$. With the STA, both incomes benefit from the lower tax rates. Using the STA Calculator at www.tax.virginia.gov, the Smiths compute an STA of $\$ 214$, reducing their taxes to $\$ 1,943$. If you cannot access the Department's website, use the following worksheet to calculate your STA. You will need your federal tax return and, if applicable, a completed Virginia Schedule ADJ.

Enter your STA amount on Line 16 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for each spouse on Lines 16a and 16b.

## PAYMENT OPTIONS

Web Payments: Use the Department's website, www.tax.virginia.gov/ind, to make a payment online. Payments are electronically transferred from your savings or checking account. There is no fee charged by the Department.
Check: If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See Page 47 for a listing of localities. Make sure your Social Security Number is on your check and make a notation that it is your 2012 Virginia income tax payment.
If you file but do not pay with the return, you will be billed if your payment is not submitted by May 1st. To submit a payment separately from the return, but on or before May 1st, go to the Department's website and download the Form 760PMT. Important: Never submit Form 760PMT with a copy of your return.
Credit or Debit Card: Call 1-800-2PAY-TAX, or to pay over the Internet, visit www.officialpayments.com. The jurisdiction code for Virginia is 1080. You will need this number when you arrange for a credit or debit card payment.
If you have already filed your return with your Commissioner of the Revenue and did not fill in the credit or debit card oval, call your local Commissioner of the Revenue's office for the correct jurisdiction code prior to initiating your credit or debit card payment. Phone numbers are listed beginning on Page 47.
The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge. After you complete the transaction be sure to fill in the oval on Line 30 indicating that you have arranged for a credit or debit card payment.

## OFFICIAL PAYMENTS

Line 31 If Line 26 is greater than Line 29, enter the difference in the box. This is your refund.
Choose the debit card or direct deposit option for your refund by filling in the applicable information below Line 31 on Form 760.
Note: You do not have the option to request a paper refund check. You must select either debit card or direct deposit for your refund.

## REFUND OPTIONS

Debit Card: Select the debit card option if you want to receive your refund on a prepaid debit card. If you prefer to have funds deposited directly to your checking or savings account, see below and complete the direct deposit section on the form.
Direct Deposit - Get your refund faster: Have your refund deposited directly into your bank account. If the ultimate destination of your refund is to a financial institution within the territorial jurisdiction of the United States, you can use direct deposit to receive your refund fast! However, federal banking regulations have imposed additional reporting requirements on direct deposit of refunds that are ultimately intended for a financial institution outside of the United States. At present, the Virginia Department of Taxation will not support direct deposit of refunds when the ultimate destination is a financial institution outside of the United States. Therefore, when you request direct deposit of your refund by providing bank information on your return, you are certifying that the ultimate destination of the funds is within the United States. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund.
Fill in the oval to indicate whether the account number is for a checking or savings account.
Bank Routing Number: Enter your bank's nine-digit routing transit number printed on the bottom of your check. The first two digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.
Bank Account Number: Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. Enter the number from left to right and leave any unused boxes blank. Do not include the check number.

Important: The Department of Taxation is not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted. Do not use the routing number on a deposit slip if it is different from the routing number on your checks.

Remember: It is always faster and more efficient to file your return electronically. If you file your tax return electronically your refund will typically be processed in about 1 week. If you file your tax return on paper, your refund will typically take about 4 weeks.

## Instructions for Virginia Schedule ADJ

## FIXED DATE CONFORMITY UPDATE FOR 2012

Advancement of Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2010, to December 31, 2011, with limited exceptions. Virginia will continue to disallow federal income tax deductions for bonus depreciation allowed for certain assets under IRC §§ $168(\mathrm{k}), 168(\mathrm{I}), 168(\mathrm{~m}), 1400 \mathrm{~L}$ and 1400 N ; the five-year carryback of federal net operating loss deductions generated in taxable year 2008 or 2009; and, federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F). In addition, fixed date conformity adjustments continue to be required for Cancellation of Debt Income under IRC § 108(i), and the domestic production deduction under IRC § 199.

At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the Internal Revenue Code for the 2012 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

- Not required to file a Virginia Form 760 (for example, if your spouse is a nonresident), compute your spouse's VAGI as if your spouse is required to file a Virginia Form 760 resident return and enter the amount on your spouse's line.
Enter the Social Security Number and name of each dependent claimed as an exemption on your return and, if any of your dependents had income, enter the VAGI for each dependent. For Filing Status 3, Married Filing Separately, also enter the Social Security Number and name for each of your dependents not claimed as an exemption on your return and, if any of the dependents had income, enter the VAGI for each dependent.
Line 10: Add the VAGI amounts and enter the total. This is your family VAGI.
Line 11 Determine if you Qualify for the Credit for Low Income Individuals: Enter the number of family members listed in Line 10. If your family VAGI on Line 10 is equal to or less than the federal poverty amount for your family size, you are eligible to claim the Credit for Low Income Individuals.

| 1 | $\$ 11,170$ | 5 | $\$ 27,010$ |

Line 13: Multiply Line 12 by $\$ 300$. Enter the result on Line 13 and proceed to Line 14 . If you do not qualify for the Credit for Low Income Individuals but claimed an Earned Income Credit on your federal return, enter \$0 on Line 13 and proceed to Line 14.
Line 14: Enter the amount of Earned Income Credit claimed on your federal return. If you did not claim an Earned Income Credit on your federal return enter $\$ 0$.
When a taxpayer using the married filing separately status computes the Virginia EITC, the taxpayer must first determine his proportion of the earned income that was used to qualify for the federal EITC. That proportion must then be multiplied by the total Virginia EITC, which is $20 \%$ of the federal EITC. The spouses may then claim their proportional shares of the credit on their separate returns.
Line 15: Multiply the amount on Line 14 by $20 \%$ (.20).
Line 16: Enter the greater of Line 13 or Line 15.

Line 17 Compute your Credit: Compare the amount entered on Line 16, Schedule ADJ, to your tax liability on Line 17, Form 760. Enter the smaller amount on Line 17, Schedule ADJ and on Line 21, Form 760.
The Credit for Low Income or Virginia Earned Income Credit is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Lines 22 or 23, Form 760, in addition to the Low Income or Virginia Earned Income Credit, the sum of all nonrefundable credits claimed cannot exceed your tax liability on Line 17, Form 760.

Many low income individuals who work and have earned income under \$50,270 may also qualify for up to \$5,891 in Federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub 596.

## Adjustments to the Amount of Tax

## Line 18 Addition to tax

Use Form 760C to compute any addition to tax you may owe for underpayment of estimated taxes. Use Form 760F if at least $662 / 3 \%$ of your income is derived from farming, fishing and/or being a merchant seaman.
You will not owe an addition to tax if each payment is made on time and:

- you owe $\$ 150$ or less in tax with your return.
- total withholding and timely estimated payments were at least 90\% (66 2/3 for farmers, fishermen and merchant seamen) of your 2012 tax liability after nonrefundable credits or 100\% of your 2011 tax liability after nonrefundable credits.
- you meet one of the exceptions computed on Form 760C or Form 760F.

If you do not meet the criteria shown above, visit www.tax.virginia.gov or refer to Form 760C or Form 760F. If you need to complete Form 760C or 760F, enter the amount of the addition to tax on this line. Those who file 760C or Form 760F should fill in the oval.

## Line 19 Penalty

The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return on Page 2 of these instructions.
Extension penalty: If you file your return within six months after the due date and the amount of tax due with the return is more than $10 \%$ of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of $2 \%$ per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is $12 \%$ of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of $6 \%$ per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of $30 \%$. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed when you file the return.
Late filing penalty: If you file your return more than six months after the due date, no extension provisions apply and you must compute a late filing penalty of $30 \%$ of the tax due with your return.
Line 20 Interest If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 760, Line 25 , from the due date to the date filed or postmarked. If you do not pay in full when you file the return, you may be subject to additional penalties and interest. To obtain the daily interest factor, please call (804) 367-8031 or contact your locality.

Line 21 Consumer's Use Tax Who Should Pay Consumer's Use Tax: If the total amount of purchases was from out-of-state mail order catalog(s) only and totaled $\$ 100$ or less for the entire year, you are not required to pay the use tax. If the purchases were from out-of-state mail order catalog(s) and exceed $\$ 100$, or the purchases were of any amount from out-of-state sources other than mail order catalogs, then you must report these purchases and pay consumer's use tax on the TOTAL amount of all untaxed purchases from all sources made during the calendar year.
The tax is $5 \%$ of the total price except for food purchased for home consumption. The tax rate on food purchased for home consumption is $2.5 \%$.
Enter the amount of Consumer Use Tax you owe on Line 21 of Virginia Schedule ADJ, or file Form CU-7.

## Instructions for Virginia Schedule OSC

## Credit for Tax Paid to Another State

Compute all credits for taxes paid to other states on Schedule OSC and enter the total credit claimed on Line 22 of Form 760.
Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state. See Va. Code § 58.1-332 for information on capital assets. If the income is from Arizona, District of Columbia, California or Oregon, claim the credit on the nonresident income tax return of that state instead of on the Virginia return. Attach a complete copy of Schedule OSC and all other states' returns to Form 760. The credit must be computed separately for each state. Schedule OSC is available on the Department's website at www.tax.virginia.gov or by calling (804) 440-2541.
Border State Method You may qualify for a special computation if you are required to file a return with Virginia and only one other state provided that other state is Kentucky, Maryland, North Carolina or West Virginia. The income from the border state must consist solely of wages and salaries or business income from federal Schedule C, and your Virginia taxable income must be at least equal to the taxable income shown on the other state's return. If you meet all of these qualifications, fill in the border state oval and enter "100.0" in the Income Percentage field.

Line 1 Filing Status Enter the number listed below to identify the filing status claimed on the other state's tax return. 1. Single 2. Married Filing Jointly 3. Married Filing Separately 4. Other

- Gain from the sale of a principal residence outside Virginia that was included in your federal adjusted gross income;
- Gain from the sale of any capital asset not used in a trade or business; and
- Income on which corporation income tax was paid to another state (one that does not recognize the federal S Corporation election), by an individual shareholder of an S Corporation. Attach a statement from the S Corporation.

In some states, the tax is computed on total taxable income (from all sources) and then reduced by an allocation percentage. In these cases, you must multiply the total taxable income shown on the other state's return by the allocation percentage to determine the amount of income to enter on this line.
Line 4 Virginia Taxable Income Enter the amount of Virginia taxable income from Line 14 of Virginia Form 760. If you filed separately in the other state, but are filing jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.

Line 6 Identify the State Enter the 2 character postal abbreviation for the other state.
Line 7 Virginia Income Tax Enter the amount of Virginia income tax from Line 17 of Virginia Form 760. If you filed separately in the other state, but are filing jointly in Virginia, enter the Virginia income tax due on the amount of Virginia Taxable Income reported on Line 14. Use the tax tables or the tax date schedule to determine the amount of tax.

Line 8 Income Percentage Divide the amount of Qualifying Taxable Income by the Virginia Taxable Income. Round the number to one decimal place. The income percentage cannot exceed 100\%.

Line 9 Virginia Ratio Multiply the amount of Virginia income tax by the income percentage.
Line 10 Credit Enter the lesser of qualifying tax liability or Virginia ratio. Enter the total credit claimed on Line 22 of Form 760.

## TAX RATE SCHEDULE

IF YOUR VIRGINIA TAXABLE INCOME IS:
Not over $\$ 3,000$, your tax is $2 \%$ of your Virginia taxable income.

| over- | but not <br> over- | your tax <br> is- | of excess <br> over- |
| :--- | :--- | :--- | :--- |
| $\$ 3,000$ | $\$ 5,000$ | $\$ 60+3 \%$ | $\$ 3,000$ |
| $\$ 5,000$ | $\$ 17,000$ | $\$ 120+5 \%$ | $\$ 5,000$ |
| $\$ 17,000$ |  | $\$ 720+5.75 \%$ | $\$ 17,000$ |

If your taxable income is $\$ 90,000$, your tax is $\$ 720+5.75 \%$ of the amount over $\$ 17,000$. This equals $\$ 720+(.0575 \times \$ 73,000)=\$ 720+\$ 4,197.50=\$ 4,917.50$ which should be rounded to $\$ 4,918$.
